# PRICING LIST

## 3 LICENSING OPTIONS AVAILABLE:

### 1 OQ®-Analyst

The **OQ®-Analyst** annual web-based subscription includes use of up to 3 measures, with unlimited questionnaire administration, and unlimited staff logins.

The **OQ®-Analyst** automates questionnaire administration, scoring, and reporting on tablets or any other device that connects to the internet.

The **OQ®-Analyst** also offers immediate clinician feedback and **early warning treatment failure alerts** that lifetime paper licenses, and electronic licenses, do NOT provide.

Free EMR/EHR integration support available.

### 2 OQ®-Paper

**OQ®-Paper** licenses are hand-scored lifetime licenses. One license per measure is required.

Once purchased, you may use the hand-scored paper license forever.

### 3 OQ®-Access

**OQ®-Access** electronic publishing licenses grant you legal permission to re-create hand-scored paper questionnaires within your own secure domain or within your EMR/EHR to automate scoring. These licenses do not include OQ®-Analyst algorithms that provide clinician feedback and early warning treatment failure alerts. Publishing OQ Measures questionnaires online within your secure domain, whether it be your EMR/EHR, your website, or a 3rd party survey platform like Survey Monkey or Qualtrics, will be entirely your responsibility.
